

NIC Hosts U.S. Pavilion at India Nuclear Energy 2011 Exposition

The U.S. Nuclear Infrastructure Council hosted the U.S. Pavilion at the India's largest nuclear exposition, India Nuclear Energy 2011, held September 26-October 1 in Mumbai, India.

NIC and the Indo-American Chamber of Commerce co-hosted the first U.S. Pavilion in 2010, with more than 15 U.S. nuclear organizations and featured six NIC members. The 2011 pavilion represented more U.S. nuclear organizations and was accompanied by a delegation of 20 ANS members, including NIC, as well as participation in an Indo-U.S. Nuclear Energy Safety Summit that featured more than a dozen U.S. nuclear suppliers, government officials, and academic leaders.
